

# Types of Operating Systems

## Session: Types of Operating Systems

---

---

---

---

---

---

---

---

---

---

### Common Operating Systems

 <b>Windows</b>	 <b>Mac</b>	 <b>Linux</b>
 <b>iOS</b>	 <b>Android</b>	

---

---

---

---

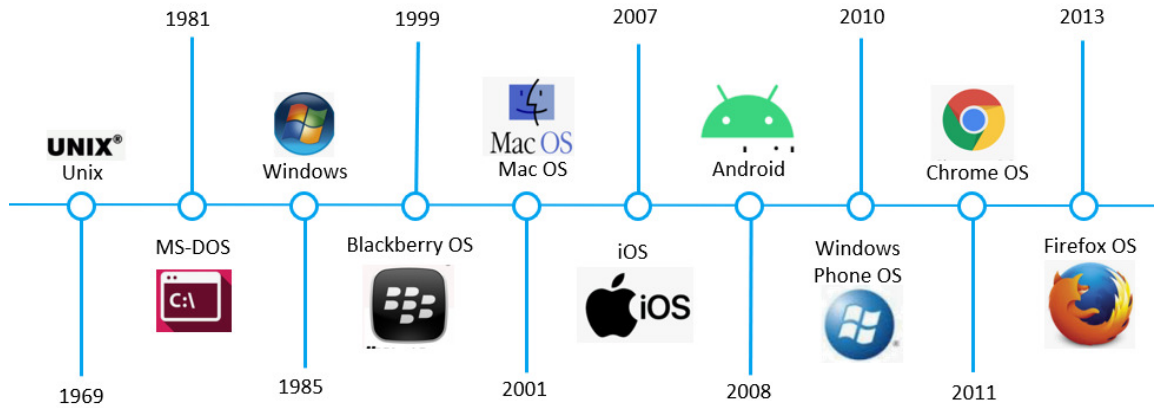

---

---

---

---

### Commonly Used OS

---

---

---

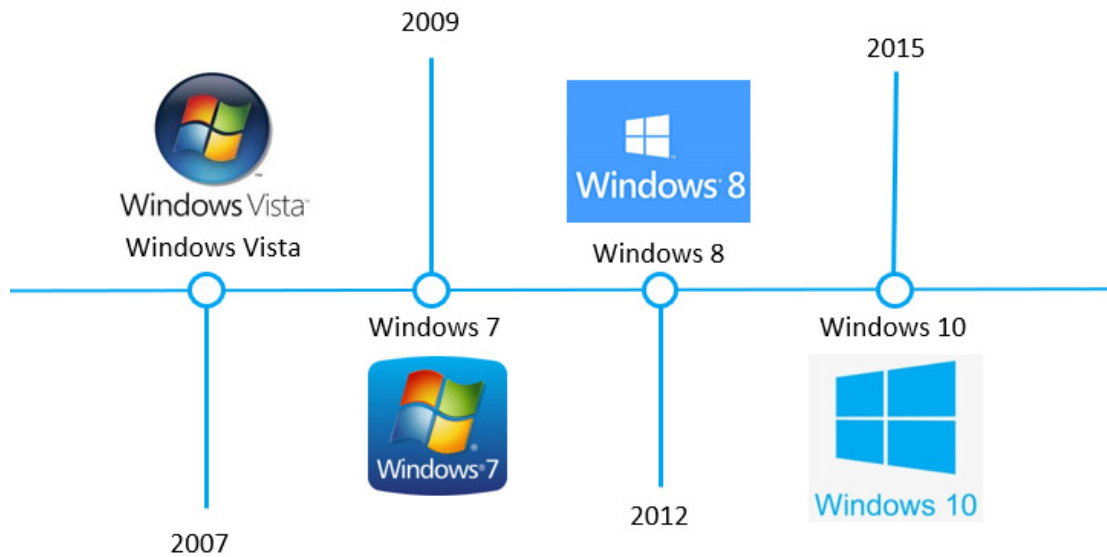

### Microsoft Windows

---

---

---

### Version of Windows

---

---

---

---

---

---

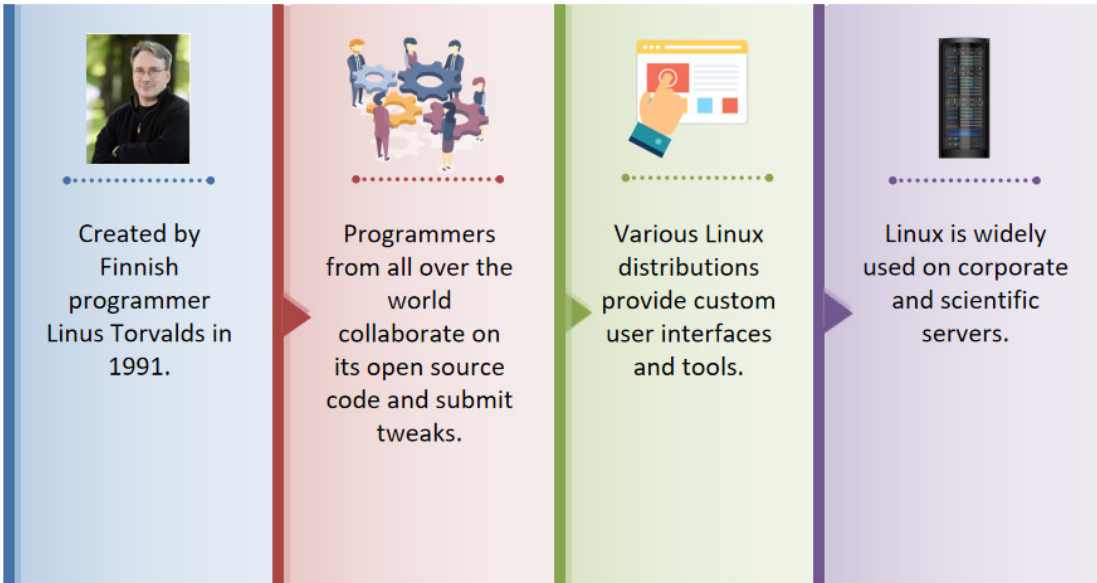

---

---

---

---

### Linux Operating System

The infographic consists of four vertical panels connected by arrows, each with a title, an icon, and a description:

- Panel 1 (Light Blue):** Features a portrait of Linus Torvalds. Text: "Created by Finnish programmer Linus Torvalds in 1991."
- Panel 2 (Light Red):** Features an icon of people with gears. Text: "Programmers from all over the world collaborate on its open source code and submit tweaks."
- Panel 3 (Light Green):** Features an icon of a hand pointing to a screen. Text: "Various Linux distributions provide custom user interfaces and tools."
- Panel 4 (Light Purple):** Features an icon of a server rack. Text: "Linux is widely used on corporate and scientific servers."

---

---

---

---

---

---

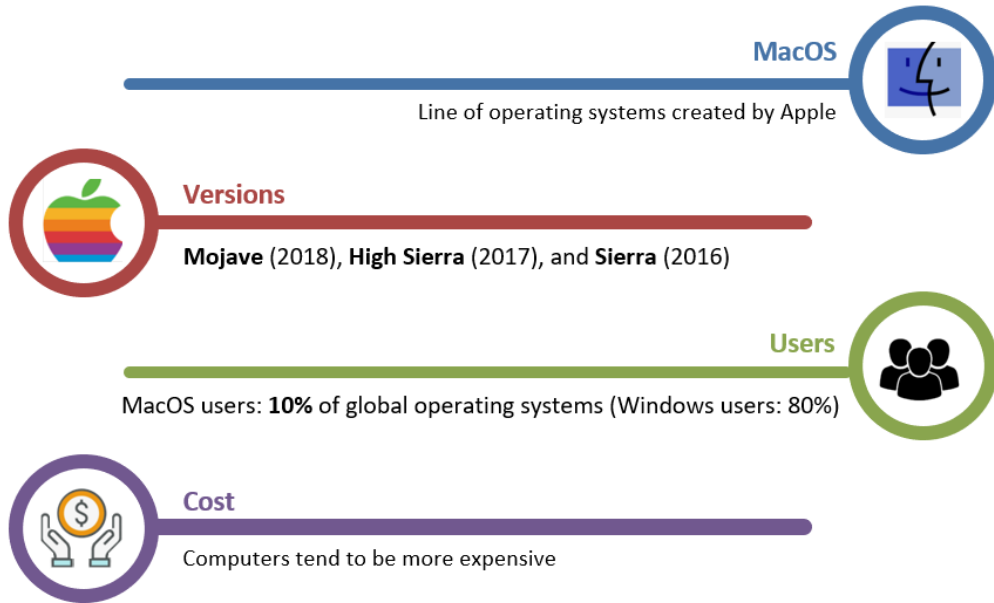

---

---

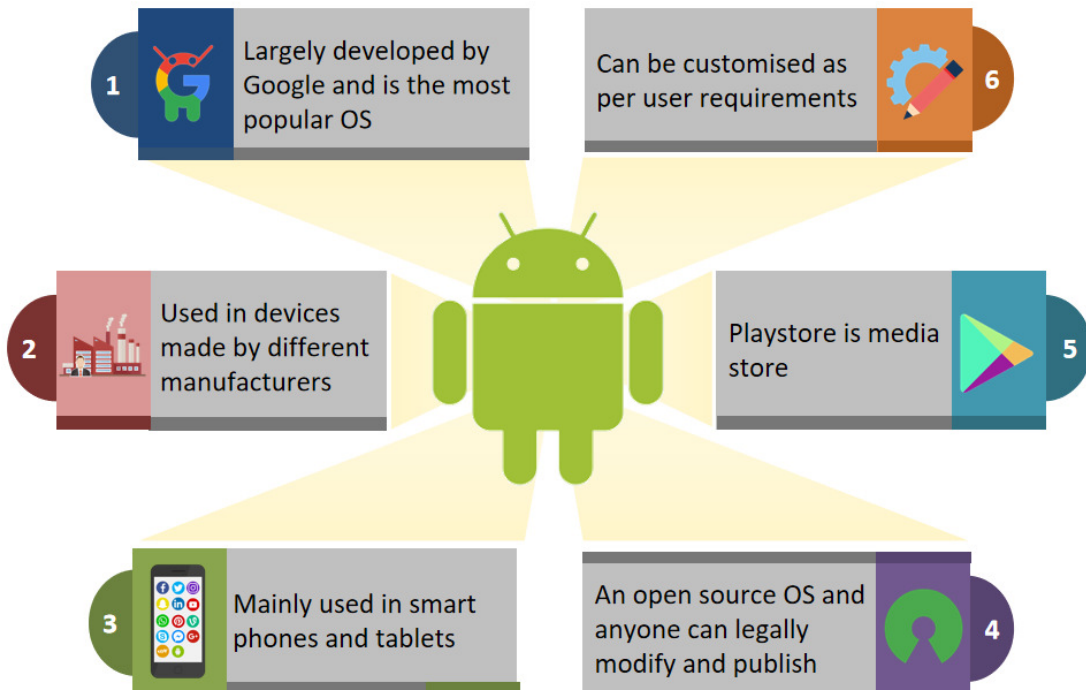

---

### Apple Mac OS

### Google's Android OS

---

---

---

---

---

---

---

---

---

---

**Activity:**

**1. What is pre-installed in any computer that you purchase?**

---

---

---

**2. When was Windows 10 launched?**

---

---

---

**3. Who developed Android OS?**

---

---

---

**Key Learning Outcomes:**

- The most common operating systems for personal computers are Microsoft Windows, MacOS, iOS, Android and Linux.
- The first version of Windows was launched in the year 1985.
- Microsoft Windows remains the most popular operating system for home and office computers.
- Linux is a family of open-source operating systems. This means they can be modified and distributed by anyone around the world.
- MacOS (previously called OS X) is a line of operating systems created by Apple.

Android is the most popular operating system in the world judging by the number of devices on which it is installed.
