

Wireman, Week- 18

S. No.	Week No.	Name of Topic	No. of Hours
1	18	Active and Reactive power, Simple problems on A.C. circuits, single	(07 hrs)
2		Phase and three-phase system etc. Problems on A.C. circuits.	
3		Power consumption in series and parallel, P.F. etc. Concept three-phase Star and Delta connection.	
4		Line and phase voltage, current and power in a 3 phase circuits with balanced and unbalanced load.
