# Importance of Effective Writing

We need to follow the below factors:

- Adjust the writing style to users' preferences and browsing habits.
- Promotional writing will not be read.

Placing a logo at the top left or centre of a page.  Making the logo clickable brings a visitor always back to the homepage.  Having links and buttons that change colour or appearance.  Using a shopping cart icon on an ecommerce site.  Ensuring image sliders have buttons users can click to manually rotate slides.	<ul> <li>Long text blocks without images and keywords marked in bold or italics will be skipped.</li> </ul>
